About Us

LKR FOODS is an international food trading company specializing in the sourcing and distribution of high-quality food products from reliable producers around the world.

Based in Türkiye, we connect trusted manufacturers with importers, distributors and wholesalers across the Middle East, Africa and other global markets.

Our core product portfolio includes:

MEAT

POULTRY

PORK

DAIRY

FRUIT & VEGETABLES

Our story begins long before the company's founding. Growing up in a family-owned butcher shop, our founder started working in this sector at the age of six. From a young age, he gained firsthand experience in product selection, processing techniques, and the importance of customer trust. Years of practical experience and commercial expertise formed the foundation of LKR FOODS, focusing on supplying products that meet international food safety standards. Today, LKR FOODS serves global markets with a commitment to quality, consistency, and reliable supply, remaining true to the values learned from the very beginning of its journey.

Through our strong supplier network in key producing countries and our deep understanding of international trade operations, we are able to deliver competitive pricing, consistent quality and reliable logistics solutions. At LKR FOODS, we focus on building long-term partnerships by providing transparent communication, efficient supply chains and dependable service for every shipment.

French Fries

24 Frozen Potato Products

Our potato products and French fries are produced and packed in Europe.

We offer French fries in a variety of sizes, and potato products in diverse cuts and types (straight cut, shoestring, crinkle cut, wedges, croquettes, noisettes, mashed potatoes).

For greater flexibility, we can have them packed in bulk or in retail bags, and, where possible, they can be labelled with our customers' brands. Otherwise, they will usually be labelled under our partners' brands or our own brands Sunnydale Farms and Cresswell.
